

"Spence Vanderlinden Public Official Award"

Congratulations to our Utilities Service Board Chairman Stan Akers on receiving APPA's "Spence Vanderlinden Public Official Award"! This is a national award that has been presented to only 64 people since 1984 and Stan is only the third person from Indiana to receive it. Stan has been a member of the Utilities Service Board for over 19 years, attended over 450 meetings in the governance of public utilities, and served as the board chairman for 10 years. Stan was nominated for the award by Peru Utilities General Manager Joe Pandy.
